ABOUT US

With decades of combined experience in engineering, design, and precision manufacturing, our team has built a reputation for innovation in the ammunition and firearms industry. Our roots trace back to the development and production of ammunition, components, and high-performance loading machines used by clients across the country. This deep foundation in ballistics and manufacturing has allowed us to operate at the intersection of function, form, and reliability.

Over the years, we've expanded into the design and limited production of high-end firearms, applying the same engineering rigor and attention to detail that defined our earlier work. Today, we are channeling our collective expertise into a new chapter: the custom design and manufacture of exceptional pistols and shotguns.

Our mission is to produce firearms that combine elite performance with personalized craftsmanship. Clients can choose from a wide range of custom options including engraving, Cerakote finishes, premium materials, and even personalized serial numbers—ensuring each firearm is as unique as the individual who owns it.

HANDGUNS

KS-9

SPECIFICATIONS

Caliber	9x19 MM	Slide	Steel
System	Safe Action	Weight	667 Gr
Frame	Synthetic	Magazine Type	Glock Type
Barrel Length	102 mm	Magazine Cap.	15 / 17 / 33

COLOR OPTIONS

SPECIAL ROTATING BOLT PUMP ACTION 3.5"

KSP-8

89 MM SUPER MAGNUM

SPECIFICATIONS

Gauge	12GA 3,5" Chamber	Choke	Mobile / Slug
System	Rotating Bolt Pump Action	Weight	3 ±3,5 Kg
Receiver	Aluminum	Stock & Handguard	Walnut
Barrel Lenght	20" - 24" - 26" - 28" - 30"	Magazine Cap.	3+1 / 5+1 / 7+1
